

Christopher and Natasha Goetz with their daughters Hope and Makenna were able to purchase the family's first home in a move to Garnett, Kansas.

Makenna dozes off with crayons in her hand while mom and dad prepare the family meal in their new spacious kitchen.

The Goetz's were able to obtain affordable terms needed to purchase their home through USDA Rural Development's Single Family Housing Guaranteed Loan Program, with money allocated through the American Recovery and Reinvestment Act of 2009.

Christopher moved to Garnett to serve the community as a youth and children's pastor of a local Church.
